Taking over my Gym Workout, road blocking my gym access

It may be very odd to allege Gold's Gym Staff were or are serial killers. Jen Moore is dead and I have been surrounded by people carrying out vastly illegal "Black Bag" operations (plants of, manufacture of child porn, electronic disruption of gym smart-phone environment, peeping, racketeering, and other acts which were far beyond any legality or constitutionality.

Like with most of my life where this has happened under color of law it leads me into the questions of "why and who?"

I believe internal to the US, illegal in the US, US State actors are acting in concert with and international illegal operation, racketeering genome rights, and are sabotaging my own, and further these often "scuzzy" social elements were drawn from active felon environments I will later describe as a racially motivated and criminal *lumpenproletaria*.

In particular, in the specific, these were an underclass of felons or felons-to-be who sought aggrandizement of themselves at the expense to others and myself, costing of a normal gym environment and I further allege that they were part of RICO scheme which though operating under color of law was both legally and morally knave and motivated by racial predation in what one who studies sociology would call "competition for the company of white females" and gym bragging rights.

What bolsters my thinking of these people is online material of groups tied to Black Hebrew Isrealites, assaults on my mother, and my encounters with them as they have taken up positions in private employ in the private businesses I frequent.

They are such black nationalists gangs and they may have in interest in my and my genome over the long term and this could relate to activities in racial research going back to MKULTRA entangling my genome.

The central premise of this book is a mid level player in a HUMINT operation is Mark Gonzales, "outlaw" Black-Hispanic biker and biker gang simultaneously District Attorney and he was placed to use his outlaw Confidential Informants placed around me to falsify evidence and create fake claims to my DNA which then will help develop impoverished county citizens as well as serve as character assassination and social rejection of a white supremacist.

The larger forces that placed him in power were the long term MKKULTRA Espionage players like Herman Edward Butts (H-E-B Stores, owned in Corpus Christi and JFK Opus Dei

connected,) the Bush family of NWO causes, NASA, DARPA, CIA contracting at University of Texas high tech cognition studies, and elsewhere.

In English translations of Marx and Engels, lumpenproletariat has sometimes been rendered as "social scum", "dangerous classes", "ragamuffin", and "ragged-proletariat".[3] It has been described by some scholars and theorists, as well as the Soviet nomenclature, as a declassed (déclassé) group.[10][11][12][13][14] The term "underclass" is considered to be the modern synonym of lumpenproleteriat.[15][a] Scholars note its negative connotations.[b] Economist Richard McGahey, writing for the New York Times in 1982, noted that it is one of the older terms in a "long line of labels that stigmatize poor people for their poverty by focusing exclusively on individual characteristics." He listed the following synonyms: "underclass", "undeserving poor", and "culture of poverty".[18] Another synonym is "riff-raff".[19] The word is used in some languages as a pejorative. In English it may be used in an informal disapproving manner to "describe people who are not clever or well educated, and who are not interested in changing or improving their situation."[20]

Serial Murder

Behavioral Analysis Unit-2M
National Center for the Analysis of Violent Crime Critical Incident Response Group
Federal Bureau of Investigation

> Excepted from FBI online material at his link *

The interpersonal traits include glibness, superficial charm, a grandiose sense of self-worth, pathological lying, and the manipulation of others. The affective traits include a lack of remorse and/or guilt, shallow affect, a lack of empathy, and failure to accept responsibility. The lifestyle behaviors include stimulation-seeking behavior, impulsivity, irresponsibility, parasitic orientation, and a lack of realistic life goals. The anti-social behaviors include poor behavioral controls, early childhood behavior problems, juvenile delinquency, revocation of conditional release, and criminal versatility. The combination of these individual personality traits, interpersonal styles, and socially deviant lifestyles are the framework of psychopathy and can manifest themselves differently in individual psychopaths.

Research has demonstrated that in those offenders who are psychopathic, scores vary, ranging from a high degree of psychopathy to some measure of psychopathy. However, not all violent offenders are psychopaths and not all psychopaths are violent offenders. If violent offenders are psychopathic, they are able to assault, rape, and murder without concern for

legal, moral, or social consequences. This allows them to do what they want, whenever they want.

The relationship between psychopathy and serial killers is particularly interesting. All psychopaths do not become serial murderers. Rather, serial murderers may possess some or many of the traits consistent with psychopathy. Psychopaths who commit serial murder do not value human life and are extremely callous in their interactions with their victims. This is particularly evident in sexually motivated serial killers who repeatedly target, stalk, assault, and kill without a sense of remorse. However, psychopathy alone does not explain the motivations of a serial killer.

Understanding psychopathy becomes particularly critical to law enforcement during a serial murder investigation and upon the arrest of a psychopathic serial killer. The crime scene behavior of psychopaths is likely to be distinct from other offenders. This distinct behavior can assist law enforcement in linking serial cases.

" Co-opting a group (or ethnicity, or economic entity) involves giving one of its leaders, or someone it respects, a key role in the design or implementation of a change (carried out by a rival group.) This is NOT a form of participation, however, because the initiators (coopering group) do not want the advice of the co-opted, merely his or her endorsement (or credit of results of the coopted.) *"

Blacks and gays surrounded me in the gym, pretending to be my workout partners and as that also part of competing system, not mine. I wanted nothing to do with them but as co-opters of me entabled with me then adopted my results into their system, not mine.

Nearly every time I left the gym U.S. Marines or others seemed to have "dead accountant Bernie" (retarded impersonator of Ed Donegan) in tow with them, these non white males, because Bernie the accountant wanted to see what white females look like.

Demeaning MY use of my lifelong music while in the gym as "the gym into porn" , not a workout place' (when IN FACT the RIVAL system of me, also in the gym, used the gym for "porn" and used my presence as their scapegoat)

Wow. Dreams can come true for blacks. Victoria Secrets models, white, will show thier asses to retarded fake ed and retarded fake Ed will be punished for the photos taken in the gym by retarded fake ed.
